The Honorable William J. Martini  
House of Representatives

Dear Mr. Martini:

This letter responds to your October 5, 1995, request for information about the dollar value and types of federal grants awarded to the state of New Jersey in fiscal year 1994.

According to Federal Expenditures by State for Fiscal Year 1994, a publication of the U.S. Bureau of the Census, federal grants to the state and local governments in New Jersey totaled about \$6.2 billion. This Census publication does not separate grants to the state government from those received by local governments and does not describe the nature of the grants received.

However, the Consolidated Federal Funds Report—which is also published by the Census Bureau, and includes grants to nongovernmental units—shows that New Jersey received about \$6.3 billion in federal grants from 480 different federal programs during fiscal year 1993—the latest year for which the detailed data are available. The enclosure to this letter lists the 40 programs that comprised about 90 percent of the total reported grant awards for fiscal year 1993.

If you have further questions, please contact me on (202) 512-9573.

Sincerely yours,

Paul L. Posner  
Director, Budget Issues

Enclosure
